No. 1720-21—Mis. 364, dated Bangalore, 4th August 1899.

Order—So far back as in January 1894, the Government directed that a statement of the machinery, plant, &c., received *since the opening of the Press* should be prepared and that no time should be lost in opening a regular Stock Register. In February 1894, the Superintendent applied for some additional establishment to enable him to get the work done, and Government having sanctioned the entertainment of a Store-keeper in March 1895, the Superintendent reported in July 1895 that Stock Registers had been opened and that an inventory of the existing machinery, &c., had also been taken, but the inventory was admittedly incomplete, as it did not include, among other items, the important item of the type in stock. Reporting again in December 1895, the Superintendent stated that he intended to have a rough estimate of type, &c., made when there was a slack time in work. The subject, however, was again lost sight of and in September 1898 the Superintendent reported that owing to the rush of work it had not been found possible to take stock of the type in hand, and that this would be done as soon as opportunity offered. Government regret to find, from an inspection of the Press accounts, that this has not been done to the present day. The accounts show only the quantity of type purchased since 1894, but of the quantity purchased during the preceding 36 years of the Press's existence no account has been kept.

2. A difficulty, which has been more than once put forth, is that taking stock of the type in hand would necessitate hindrance to work for several days; but this cannot apply to the permanent stock in charge of the Store-keeper of which an account may be taken at once and brought to book. As regards the type in current use, in cases, the Superintendent is requested to report what he proposes to do to ascertain the quantity in hand. There will be no difficulty in ascertaining the quantity of each matter standing as soon as it is broken up. It would perhaps be a convenient arrangement to take an account of the type in use in cases in each branch, the examination being done branch by branch at an appointed hour or during a holiday and, if necessary, the current work being stopped for half day on each Saturday. By some such special arrangements the difficulty complained of might easily be overcome, and as Government attach great importance to the completion of the stock-taking of type as early as possible, the Superintendent is requested to be so good as to give prompt attention to the subject and to report what he proposes doing to attain the object in view with the least possible delay.

3. The Superintendent is further requested to report how far Mr. Biddulph's instructions for the better keeping of the Press accounts are being acted up to now.

Letter No. 57, dated the 24th July 1899 from the Senior Surgeon with the Government of Mysore.

No. 1814-15—G. F. 89-92, dated Bangalore, 8th August 1899.

Order thereon.—In the foregoing letter the Senior Surgeon states that though, under Government Proceedings No. 348—Mis. 50, dated 5th July 1899, the supply of Lanoline Vaccine to the District Boards and Municipalities in the Madras Presidency, other than those that are already getting their supply from the Vaccine Institute is prohibited, it is essential that in order to be able to meet the demands of the latter, the temporary establishment, costing Rs. 59, which was sanctioned up to the end of July 1899, should be made permanent, and applies for sanction accordingly. But this interpretation of the Govern-

ment order quoted above is not correct. By that order, the sale to outsiders of only the spare lymph which may remain after meeting all requirements within the State is permitted. If, under this arrangement, the supply is insufficient to meet the demands of the District Boards and Municipalities referred to, they may be informed accordingly.

2. In view, however, to obviate any inconvenience which may arise to them from a sudden discontinuance of the supply hitherto made, the Government are pleased to sanction the retention of the temporary establishment, costing Rs. 59 per mensem, for another year. In the meantime the Senior Surgeon will be so good as to give them notice that the Government cannot bind itself to continue the supply next year to the full extent required, and that they may make their own arrangements.

Office Memorandum No. 4919 S. R., dated the 29th September 1894, to the Secretary to the Government of India, Foreign Department.

Letter No. 328 S. R., dated the 20th January 1899, to the Comptroller, India Treasuries.

RESOLUTION.—In the Resolution in this Department No. 2650, dated the 1st August 1886 (incorporated in the Civil Account Code as Note 1 to Article 32), it was ruled that "the salaries of Officers serving outside of British India whose services have been lent to, and whose salaries are paid by, Native States, are not liable to the tax leviable under Act II of 1886." In the communications from this Department of the 29th September 1894 and 20th January 1899 read in the preamble, it was further ruled that certain Officers in Foreign Service, whose salaries are paid either by the Native States in which they are serving or by Government in the first instance, and subsequently recovered from the Native States, are liable, under Act II of 1886, to pay the tax in respect of their salaries, and that the members of establishments employed in similar circumstances are also liable.

2. The conditions under which the salary of Officers of British establishments in Native States is liable to the tax are—

(1) that the Officer in question is a British subject; and

(2) that the salary is paid by Government.

The first condition is of course satisfied in the cases referred to in the Rulings of 1894 and 1899 which are summarized above. The question as regards the second condition must be determined with reference to the facts of each particular case. It is not sufficient that the salary should be guaranteed by the Government of India. The condition is that it should be *paid* by that Government, that is, that the Government of India must be primarily responsible for the payment. This condition is not satisfied where the cost of the salary falls directly and finally on the Native State as when the Native State disburses the salary in the first instance and makes no recovery from the Government of India; or when it falls indirectly on the Native State as when the Government of India disburses the salary in the first instance, but subsequently recovers the amount from the Native State.

3. The Governor General in Council accordingly directs that the Orders of 1894 and 1899 cited in the preamble should be cancelled, the ruling contained in the Resolution of 21st August 1886 remaining in force.

ORDER.—Ordered that copy of this Resolution with copy of the correspondence noted on the margin be forwarded to the Foreign Department* in continuation of Office Memorandum No. 4919 S. R., dated the 29th September 1894.

Letter to the Comptroller, India Treasuries, No. 328 S. R., dated the 20th January 1899.

Ordered, also, that copy be forwarded to the Comptroller, India Treasuries.

No. 1020 T. A., dated 16th December 1898.

From—G. H. R. Hart, Esq., Comptroller, India Treasuries.

To—The Secretary to the Government of India, Finance and Commerce Department.

I have the honor to ask for instructions with regard to the intention and application of Government of India, Finance and Commerce Department, Memorandum No. 4919 S. R., dated 29th September 1894, affirming the liability to income tax of certain Officers on Foreign Service, whose salaries are either paid by the Native States in which they are serving, or are paid by the Government in the first instance, and subsequently recovered from the Native States.

2. It appears to me that the order conveyed by this Memorandum involves a principle of general application: but I find that as a matter of fact it has only been applied in the specific instances of the Officers mentioned therein, while members of establishments employed in similar circumstances have been held to be exempt from liability to income tax, under the provisions of Note 1 to Article 32 of the Civil Account Code. Personally, I am inclined to believe that those provisions are not applicable to cases of foreign service of the third kind, as defined in Article 802 of the Civil Service Regulations. This view seems to be in accordance with the terms of the Income Tax Act of 1886, and to be confirmed by the first paragraph of the Government of India Memorandum, now under reference, but as its adoption would have the effect of changing the established procedure of this office, I feel obliged by Article 1636 (1) of the Civil Account Code, to enquire whether income tax is to be levied in the case of other establishments in the circumstances described in paragraph 1 of the Government of India Memorandum (and not merely from the Officers specified on its margin) and, if so, with what measure (if any) of retrospective effect.

3. I may mention that the question has arisen in connection with the case of the Hospital Assistant attached to the Baghelkhand Agency establishment, who has hitherto been held to be exempt from assessment under Note 1 to Article 32 of the Civil Account Code.

No. 328 S. R., dated 20th January 1899.

Finance and Commerce Department.

To—The Comptroller, India Treasuries.

I am directed to acknowledge the receipt of your letter No. 1020 T. A., dated the 16th December 1898, regarding the application of the orders conveyed in this Department Office Memorandum No. 4919 S. R., dated the 29th September 1894, affirming the liability to income tax of certain Officers on Foreign Service, whose salaries are either paid by the Native States in which they are serving, or are paid by Government in the first instance and subsequently recovered from the Native States. It is reported that those orders have only been applied in the specific instances of the Officers mentioned in that Memorandum, while members of establishments employed in similar circumstances have been held to be exempt from liability to income tax, under the provisions of Note 1 to Article 32 of the Civil Account Code. Enquiry is, therefore, made whether income tax is to be levied in the case of such other establishments.

2. In reply I am to say that as the establishments belong to and their salaries are fixed by rules of Government applicable to a recognised service of the Government, they are liable to the tax; but the tax need not be levied with retrospective effect.

3. The correctness of the Note 1 to Article 32 of the Civil Account Code, as it stands at present, will be separately considered.

No. 2104-43—Mis. 680, dated Bangalore, 17th August 1899.

Order thereon.—Ordered that copies of the above correspondence be forwarded to the Comptroller and to other Heads of Departments for information.

RESOLUTION.—In the Resolution in this Department No. 2650, dated the 1st Augu 1886 (incorporated in the Civil Account Code as Note 1 to Article 32), it was ruled th "the salaries of Officers serving outside of British India whose services have been lent t and whose salaries are paid by, Native States, are not liable to the tax leviable under A II of 1886." In the communications from this Department of the 29th September 189 and 20th January 1899 read in the preamble, it was further ruled that certain Officers i Foreign Service, whose salaries are paid either by the Native States in which they a serving or by Government in the first instance, and subsequently recovered from th Native States, are liable, under Act II of 1886, to pay the tax in respect of their salarie and that the members of establishments employed in similar circumstances are also liabl

2. The conditions under which the salary of Officers of British establishments i Native States is liable to the tax are—

(1) that the Officer in question is a British subject; and

(2) that the salary is paid by Government.

The first condition is of course satisfied in the cases referred to in the Rulings of 189 and 1899 which are summarized above. The question as regards the second conditio must be determined with reference to the facts of each particular case. It is not suf cient that the salary should be guaranteed by the Government of India. The conditio is that it should be *paid* by that Government, that is, that the Government of India mu be primarily responsible for the payment. This condition is not satisfied where the cost the salary falls directly and finally on the Native State as when the Native State disburs the salary in the first instance and makes no recovery from the Government of India; when it falls indirectly on the Native State as when the Government of India disburses th salary in the first instance, but subsequently recovers the amount from the Native State.

3. The Governor General in Council accordingly directs that the Orders of 1894 an 1899 cited in the preamble should be cancelled, the ruling contained in the Resolutio of 21st August 1886 remaining in force.

ORDER.—Ordered that copy of this Resolution with copy of the correspondence note on the margin be forwarded to the Foreig Department* in continuation of Office Mem randum No. 4919 S. R., dated the 29th Septer ber 1894.

To—The Secretary to the Government of India, Finance and Commerce Department.

I have the honor to ask for instructions with regard to the intention and application of Government of India, Finance and Commerce Department, Memorandum No. 4919 S. R., dated 29th September 1894, affirming the liability to income tax of certain Officers on Foreign Service, whose salaries are either paid by the Native States in which they are serving, or are paid by the Government in the first instance, and subsequently recovered from the Native States.

2. It appears to me that the order conveyed by this Memorandum involves a principle of general application: but I find that as a matter of fact it has only been applied in the specific instances of the Officers mentioned therein, while members of establishments employed in similar circumstances have been held to be exempt from liability to income tax, under the provisions of Note 1 to Article 32 of the Civil Account Code. Personally, I am inclined to believe that those provisions are not applicable to cases of foreign service of the third kind, as defined in Article 802 of the Civil Service Regulations. This view seems to be in accordance with the terms of the Income Tax Act of 1886, and to be confirmed by the first paragraph of the Government of India Memorandum, now under reference, but as its adoption would have the effect of changing the established procedure of this office, I feel obliged by Article 1636 (1) of the Civil Account Code, to enquire whether income tax is to be levied in the case of other establishments in the circumstances described in paragraph 1 of the Government of India Memorandum (and not merely from the Officers specified on its margin) and, if so, with what measure (if any) of retrospective effect.

3. I may mention that the question has arisen in connection with the case of the Hospital Assistant attached to the Baghelkhand Agency establishment, who has hitherto been held to be exempt from assessment under Note 1 to Article 32 of the Civil Account Code.

1897-98	27 38	26 57	36·15	26 25

2. It will be seen that the average birth-rate of Mysore for the five years preceding 1897-98 is returned as only 18·23 while the rates for the other Provinces referred to range between 28·48 in Madras and 41·68 in the Punjab, the corresponding figure for Assam, which has a population almost equal to that of Mysore, being 31·71

3. The average death-rate for Mysore is given as 14·25, while that of Madras which is the lowest for the British Provinces is 20·98 and that of the Central Provinces where the maximum is reached, 44·06, the rate for Assam being 36·33.

4. The following are taken from the figures for 1897-98 :—

	Birth-rate.	Death-rate.
1. Assam	29·46	36·15
2. Madras	27·40	21·00
3. Mysore	15·34	20·24

5. The wide disparity noticeable in the above figures, after making every allowance for climatic differences and other disturbing causes, raises a doubt as to the accuracy of the vital statistics for Mysore, more especially those relating to births. The attention of Deputy Commissioners and the Senior Surgeon is invited to this important matter with a view to ensure for the future more accurate registry of births and deaths in towns and rural areas and among different classes of the population including :—

1 Hindus
2 Muhammadans
3 Native Christians and
4 Other classes not falling under the above heads.

Docket No. 32, dated the 18th July 1899, from the Superintendent, Government Stationery Depot, submitting a bill for Rs. 1,225, being the value of 700 lbs. of sheep-skin purchased for binding blank books, &c.

Docket No. 30, dated 3rd August 1899, from the same Officer, explaining the reason for the excess charge made in the above bill, as compared with the quotations in the list received with his docket No. 442, dated 29th April 1899.

No. 2815-16—MIS. F. 457-92, DATED BANGALORE, 29TH AUGUST 1899.

ORDER THEREON.—It has been ascertained that the contractor of the Central Jail, Bangalore, supplies sheep-skins of the 1st quality, three skins together weighing a pound, at Re. 1-5-0, per pound, which compares very favorably with the rate of Re. 1-12-0 charged in the above bill, and which entails an additional cost of more than Rs. 300. But as the Superintendent appears to have actually purchased the skins at the higher rate quoted above, the Government see no

other alternative than to pass the charge incurred. The bill is accordingly countersigned and forwarded to the Comptroller for audit, with a request that the same may be enfaced for payment at the State Huzur Treasury, Bangalore, the cost being met from the allotment sanctioned for local supplies in Government Proceedings No. 13309-310—Mis. F. 457-92, dated 23rd June 1899.

2. The Superintendent should make proper arrangements for future supplies being procured when the market is favorable, or through the Jail contractor if the Jail rates, which can always be ascertained, are found cheaper. The Government expect the greatest economy will be exercised in the matter of contingent charges, by procuring all the required supplies at the most favorable rates and scrutinizing expense under this head as much as possible.

Annual Medical and Sanitary Report of Mysore for the year 1897-98.

No. 2980—Mis. 815, DATED BANGALORE, 30TH AUGUST 1899.

REVIEW THEREON—The rainfall, as gauged in the Central Observatory at Bangalore during the year under review, was 38·11 inches against 29·31 inches in 1896-97, showing an increase of 8·80 inches. In the month of September 1897 there was an unusually heavy fall of 19·83 inches.

2. There was a decrease of 10,672 births during the year, being 75,664 against 86,336 of the year previous. On the other hand the number of deaths, *viz.*, 98,041, was an increase over that of the previous year by 25,383. This rise in the mortality was chiefly under "Fevers" which accounted for 58,907 deaths or 22,322 more than the number in 1896-97. The increase under "Bowel complaints" was also considerable, 7,263 persons having succumbed against 4,886 of the previous year. The number of deaths from "Cholera," however, fell from 4,643 in 1896-97 to 2,384 in 1897-98.

3. The average birth-rate throughout the Province amounted to 15·64 and the death-rate to 20·24 in every thousand of the population.

4. The sanitary condition of the Jails in the Province was good and sickness among the jail population decreased during the year, only 448 prisoners having been admitted to the hospitals as against 626 in 1896-97. The number of deaths was, however, the same, *viz.*, 12, thus giving the higher ratio of 17·19 per mille of strength of the Jails to 16·62 of the preceding year.

5. The "Sanitary works" carried out during the year consisted of the sinking of new wells, the repairs of roads, the improvement of the sanitation of towns and schemes of water-supply to several cities.

6. There has been considerable delay in the submission of this Report which, though due on the 1st September last, was received only on 3rd August 1899, and the Government trust that future reports will be sent in punctually within the prescribed time.

(1) Report on Vaccination in Mysore for 1897-98.

(2) Report on the Vaccine Institute, Bangalore, for 1897-98.

No. 2981—Mis. 906, DATED BANGALORE, 30TH AUGUST 1899.

REVIEW THEREON.—The total number of persons vaccinated is reported to be 101,323, or 393 more than that of 1896-97. There were 99,460 cases of primary vaccination against 99,125, and of these the number successful was 88,195 against 87,615, or 88·67 per cent against 88·38 of the previous year. The number of re-vaccinations was 1,863 against 1,805 and the number successful under this head was 1,062, or 57·00 per cent against 1,098 or 60·83 of the previous year. The average number of cases vaccinated by each of the Taluk and Municipal Vaccinators was slightly greater than that of the year previous, being 941·75 against 929·41.

2. The total number of deaths from small-pox during the year was 7,231 against 6,676 of the previous year, giving a ratio of 1·49 per mille of population against 1·37. It was highest (*viz.*, 2·13) in the Tumkur district and lowest (*viz.*, 0·80) in the Bangalore district.

3. The cost of the Department excluding that of the Vaccine Institute was Rs. 20,230-8-3 against Rs. 20,910-3-6 of the previous year. The average cost of each successful case was Re. 0-3-3 against Re. 0-3-10 of previous year.

4. The total quantity of Lanoline Vaccine manufactured and issued during the year was enough for 342,557 cases; what was sufficient for 170,468 cases was distributed for use within the State and the remaining quantity, enough for 172,089 cases, supplied to stations outside the State. The total expenditure during the year amounted to Rs. 11,706-12-5 and the realizations to Rs. 20,220-14-5, leaving a profit to the State of Rs. 8,514-2-0 against Rs. 6,549-12-5 of the previous year.

Education, dated 11th August 1899.

READ—

Letter No. 10392—379, dated 23rd June 1899, from the Inspector General of Education in Mysore—

I have the honor to inform you that in the Village School Fund Budgets of 1895-96 and 1896-97, Rs. 7,212 and Rs. 1,000 were respectively provided for new schools. In the budget of 1898-99 no new schools were provided for for want of funds.

Applications for new schools have been accumulating in my office, some of which have been received from Revenue Officers and the people, but most of which have been forwarded by the Deputy Inspectors of Schools with their recommendation. Out of 189 Village Schools registered I have made a selection of 105 which are entered in the list enclosed herewith.

The following is a tabular statement of the selected schools :—

District	Kannada Boys' Schools	Kannada Girls' Schools	Hindustani Boys' Schools.	Hindustani Girls' Schools.	Parna Schools.	Total.
Bangalore ..	6	..	3	..	...	9
Kolar ...	..	...	3	3	1	7
Tumkur ..	19	6	4	2	4	35
Mysore	11	..	4	2	3	20
Hassan ..	..	..	...	..	..	3
Shimoga ..	14	..	1	2	...	17
Kadur ..	6	...	...	...	...	6
Chitaldrug ..	5	..	2	...	1	8
Total	61	6	17	9	9	105

The cost of the above 105 schools is estimated at Rs. 873 a month or Rs. 10,476 a year.

2. The receipts and expenditure of the Village School Fund Budget have been usually estimated with such caution that year after year a considerable amount has been saved and the cash balance of the fund on the 30th June 1899 is estimated to be Rs. 3,17,961.

3. On the 30th June 1898, the percentage of boys under instruction in Mysore was 26·16 against 26·72 in Madras on 31st March 1897, while the percentage of girls under instruction was 4·29 against 4·32. Although the Mysore percentages do not compare unfavorably with those of Madras, in an enlightened and flourishing Native State like that of Mysore, which is well known for its zeal in promoting education among the people, the percentages may not necessarily be about the same as in British India, but should be higher, provided Government are pleased to sanction the necessary funds. The field for the expansion of primary education in Mysore is vast and can be limited only by the amount of funds sanctioned.

4. Under the above circumstances it will be for Government to decide how many of the above schools should be provided for in the budget of 1899-1900. I am afraid the estimates of receipts and expenditure of the budget of 1899-1900 will not show such an excess of receipts over expenditure as will suffice for increased expenditure on new schools if any are opened. I would therefore, with reference to para 3 of Order No. 7558—Ed. 212, dated 5th January 1898, submit it for the consideration of Government if the time has now arrived for raising the percentage of the allotment from the Local Funds to Education as was contemplated by Section VI of the Rules for the Establishment of Local Committees for the Administration of Local Funds in Mysore (see Mysore Revenue Manual of 1886 page 141). In Bombay 33⅓ percent of the Local Funds is allotted to Education. The question of raising the percentage of the allotment has, I believe, to be considered sooner or later, as it will be necessary in the near future to revise the scale of pay now in force in village schools, which is too low when the present cost of living or the higher qualifications now required in the teachers are taken into account.

5. If the allotment from the Local Funds to Education cannot be increased, I would recommend that the entire cost of all the Normal Schools may be borne by the Provincial Funds. The savings to the Village School Fund would in that case be Rs. 20,306 minus Rs. 7,093 contributed from the Provincial Funds or Rs. 13,213 net. At the same time the

cost of a few writers and peons in the Inspector General's office and the Book Depot amounting to Rs. 1,848 which is now paid from the village school fund may be transferred to the Provincial Fund Budget. These figures have been taken from the budget estimates of the village school fund for 1899-1900.

No. 1943-44—Ed. F. 43-96, dated Bangalore, 11th August 1899.

Order thereon—In the foregoing letter the Inspector General states that in the budget of 1898-99, no new schools were provided for for want of funds, and that applications for new schools have been accumulating in his office. It is observed that a provision of Rs. 616 was made under this head in that budget and that the amount remained unutilized in that year.

2. The Inspector General now submits for orders a list of 105 new schools estimated to cost Rs. 10,476 per annum. He is informed that the necessary provision has been made in the budget for the current official year subject to separate application being made and sanction obtained for the utilization of such sums out of the said provision of Rs. 10,476 as may be required from time to time.

3. In para 4 of the letter read above the Inspector General raises the question of increasing the percentage of the allotment from the Local Funds to Education, and in the next para he recommends the alternative of the entire cost of all the Normal Schools being borne by the Provincial Funds and some further relief being given to the village school Fund. These are matters which should not have been mixed up in the present communication. The Inspector General will be so good as to address Government separately if necessary on each subject with fuller details.

Letter No 10432—382, dated 24th June 1899, from the Inspector General of Education in Mysore, submitting a list of buildings to be provided from the Village School Fund in 1899-1900 at an estimated cost of Rs. 75,380.

No. 1945-46—Ed. F. 20-96, dated Bangalore, 11th August 1899.

Order thereon.—The normal provision for buildings is only Rs. 5,000 and this has been provided for in the Budget Estimates of the Village School Fund for 1899-1900, received with the Inspector General's letter No. 10499—388, dated 29th June 1899. He now submits a list of works requiring an additional appropriation of Rs. 70,380 and explains that such large provision has become necessary, as no new buildings were erected in 1898-99 and very few for several years past. The Government, while recognizing the necessity for an increased building grant, consider that the works proposed need not all be undertaken in a single year. The Inspector General is referred to para 7, Government Proceedings No. 1948-49—Ed. F. 3-96, dated 11th August 1899, in which a sum of Rs. 35,000, has been sanctioned for buildings in addition to the normal provision of Rs. 5,000 referred to above. Mr. Bhabha will be requested to submit, as early as possible, a detailed statement showing the appropriations he would propose to be made from the provision of Rs. 40,000, for—

(i) meeting the cost of the annual repairs and alterations to the existing buildings,
(ii) completion of buildings in progress, and
(iii) erection of new buildings.

2. As regards the last item (iii) no new building can be put in hand until a final decision is come to in regard to the proposed adoption of Mr. Karve's plans and estimates in preference to those of Mr. Dalal's; and the submission of report called for in Government Proceedings No. 914—Ed. 32, dated 17th July 1899, should be expedited.

READ—

Letter No. 10499—388, dated 29th June 1899, from the Inspector General of Education in Mysore, submitting the Village School Fund Budget Estimates for 1899-1900 with an explanatory Memorandum.

MEMORANDUM.

1. *Receipts.*—In the statement accompanying the Comptroller's Docket No. 7097, dated the 18th May last, the receipts of the Village School Fund for the Official year 1899-1900 are estimated at Rs. 2,12,000 of which Rs. 1,90,000 is from Local Cess and Rs. 22,000 from other sources. The receipts appear to me to be under-estimated as usual by the Comptroller. The actual receipts from Local Cess have for several years been a great deal more than Rs. 2,00,000 a year, as will be seen from the figures given below :—

	Rs.
1893-94	2,09,948
1894-95	2,10,093
1895-96	2,14,287
1896-97	2,04,912
1897-98	2,08,838

The average income for the five years ending 1897-98 is Rs. 2,09,615. I have, therefore taken Rs. 2,10,000 as the estimated receipts from Local Cess for 1899-1900. The result of under-estimating the receipts from Local Cess is that the cash balance of the Village School Fund has been growing from year to year, as will be seen from the following figures, while new schools or new buildings remain unprovided. Opening balances of the Village School Fund on 1st July :—

	Rs.
1893-94	2,41,465
1894-95	2,49,997
1895-96	2,75,739
1896-97	3,09,830
1897-98	3,23,770
1898-99	3,32,961

The income from fees levied in village schools is the only uncertain item, but such as it is, about Rs. 4,000 may be expected from this source. The examination fees have a decided tendency to increase from year to year. The interest on the invested savings, and the contributions from State and Municipal Funds may be regarded as fixed items of income. The receipts from these last four sources amount to Rs. 33,000, that is, to Rs. 11,000 more than the Comptroller's estimate. The total income for 1899-1900 is accordingly estimated at Rs. 2,43,316 as detailed in the statement given on the receipt side of the estimate. The increase of Rs. 11,410 over the current year's estimate consists of Rs. 10,000, additional under the head of Local Cess, an increase of Rs. 600 expected from examination fees, and Rs. 810, which is a moiety of the increase in the expenditure of the Government Normal School, Mysore, which will be paid to the credit of the Village School Fund from the Provincial Funds.

2. *Expenditure.*—The estimated expenditure for 1899-1900, based upon the charges sanctioned by Government up to date amounts to Rs. 2,41,300 against Rs. 2,39,424 for the current year. There is an increase of Rs. 4,530 under Instruction (General), of Rs. 480 under Grants-in-aid, of Rs. 1,668 under Instruction (Special) and lastly of Rs. 120 under Local Examinations, amounting in all to Rs. 6,798. Against this increase has to be set a decrease of Rs. 4,922 under the head 'General.' This decrease reduces the net increase to Rs. 1,876. It must be stated, however, that a large number of school buildings are urgently required and though Government promised to provide for village school buildings from the cash balance, no new village school building was sanctioned during the current year even from the provision entered in the budget. Villagers have been paying contributions towards the cost of new school buildings. Up to date more than 54 villages have paid such contributions to the credit of the Village School Fund, but no school building

has yet been sanctioned A separate reference in greater details has been made on the subject of village school buildings to Government.

3. The increase under Instruction (General) is detailed below :—

	Rs.
Amount sanctioned for increasing the pay of probationary teachers by Government Order No 13486-7—Ed. F. 44-96, dated the 29th May 1899	4,344
Pay of an additional teacher on Rs 20 a month sanctioned by Government Order No. 11627-8—Ed 262, dated the 14th April 1899, for Saligrama Anglo-Vernacular School	240
A local allowance of Rs 2 a month sanctioned for a teacher in the Kolar district by Government Order No 7307-8—Ed 180, dated 15th December 1898.	24
Total .	4,608
Deduct —Amount transferred to the head 'General' for house rent and contingencies of the Binur Girls' School	78
Net Increase	4,530

4 A grant of Rs 30 a month has been sanctioned for the private Anglo-Vernacular School at Masti in the Malur taluk, by Government Order No 2038-89—Ed. 67, dated 27th August 1898, and a grant of Rs 10 for the Anglo-Vernacular School at Sravana Belagola in Channarayapatna taluk, by Government Order No. 3178—Ed. 88, dated the 12th September 1898 These grants account for the increase of Rs. 480 under "Grants-in-aid"

5 The increase of Rs 1,668 under Instruction (Special) is made up of Rs. 516, being the amount of increments earned by the Head Master, Assistant Masters, and Pandits and Munshis of the Government Normal School, Mysore, and the Head Masters of the two District Normal Schools, and Rs 1,152 sanctioned for scholarships to the Muhammadan teachers under training in the Government Normal School, Mysore, by Government Order No 7176-7—Ed F 27-96, dated 10th December 1898

6 Under the head "General" the reduction of the provision for buildings from Rs 10,000 to Rs 5,000, the sanctioned annual grant and the transfer to this head of Rs 78 for the rent and contingencies of the Girls' School at Binur cause a decrease of Rs 4,922

7 The increase of Rs 120 under Local Examinations is due to the increment earned by the Manager of the Local Examination Office

---

No. 1948-49—Ed. F. 3-96, dated Bangalore, 11th August 1899.

Order thereon —In the Village School Fund Budget for 1899-1900, as submitted by the Inspector General of Education, with the letter read above, the receipts and expenditure are estimated as follows :—

	Sanctioned Estimates for 1898-99	Proposed Estimates for 1899-1900.	Difference.	
			Decrease.	Increase.
	Rs	Rs.		Rs.
Receipts .	2,31,906	2,43,316	...	11,410
Expenditure ..	2,39,424	2,41,300	...	1,876

2. *Receipts.*—The increase of Rs. 11,410 consists of—

(i) Rs. 10,000 under the head "24 per cent of the Local Cess;"

(ii) Rs. 600 expected from "Examination Fees," and

(iii) Rs. 810, being moiety of contribution from Provincial Funds towards the expenditure of the Mysore Government Normal School.

The estimates under (ii) and (iii) call for no remarks and are passed. Under item (i) the Government consider it safer to adopt the estimate of last year and accordingly direct that the anticipated income under "24 per cent of the Local Cess for 1899-1900" be entered at Rs. 2,00,000.

3. *Expenditure.*—The Inspector General's estimate under this head, which provides for the usual charges, is Rs. 2,41,300; and to this has to be added Rs. 52,228 on account of the following new items sanctioned, thereby raising the aggregate expenditure to Rs. 2,93,528.

(i) Rs. 6,492 for increase to the existing number of teachers and menials in certain schools.

(ii) Rs. 10,476 being the cost of 105 new schools proposed to be opened.

(iii) Rs. 35,000 being the special provision sanctioned for buildings this year, to supplement the normal grant of Rs. 5,000.

(iv) Local allowance to the Hobli School Master in Bowringpet taluk, Rs. 24.

(v) Increase of pay to the Gymnastic Instructor of the Government Normal School at Mysore, Rs. 36.

(vi) Increase of the prize grant to certain Hindustani Schools, Rs. 200.

4. With the foregoing remarks the Village School Fund Budget Estimates for 1899-1900 are sanctioned, as per accompanying appendices, of which an abstract is subjoined:—

Letter No. 1421—54, dated 7th August 1899, from the Inspector General of Education in Mysore.

I have the honor to submit that the villagers of Sosale in the T. Narsipur taluk have been maintaining an English school at their own cost from November last. The school is attended by 26 pupils and is taught by a Matriculated teacher. When the Committee members applied for a Government grant six months ago they were told to pay half the estimated cost of instruction for a year, *viz.*, Rs. 120, into the Treasury to the credit of the Village School Fund and then make an application for a grant. They have accordingly paid this contribution and renewed the application. Sosale is a pretty large village. There are both Kannada and Hindustani schools in the village for boys and girls and it is likely that the English school will also become a permanent institution. Under these circumstances I recommend that Government may be pleased to sanction a monthly grant of Rs. 20 for a year from 1st September 1899, for the private English school at Sosale in the T. Narsipur taluk, in accordance with the orders contained in para 2 of Government Proceedings No. 162-172½—Ed. 11, dated 4th July 1896.

No. 2819-20—ED. 99, DATED BANGALORE, 29TH AUGUST 1899.

ORDER THEREON.—Under the circumstances reported in the letter read above, a monthly grant of Rs. 20 is sanctioned, with effect from 1st September 1899, on the distinct understanding that the school establishment is fully maintained and the progress of the school is considered satisfactory by the Inspecting Officer, and that in every succeeding year a similar contribution of Rs. 120 is paid by the villagers in advance and credited to the Treasury.

Correspondence ending with letter No. 163—9, dated 6th July 1899, from the Inspector General of Education in Mysore.

No. 2821-22—ED. 98, DATED BANGALORE, 29TH AUGUST 1899.

ORDER THEREON—The correspondence read above relates to an application made by the Inspector General of Education for an increase of the budget provision under "IX General furniture and apparatus" from Rs. 3,500 to Rs. 5,000. A general proposal for a permanent increase of this kind does not commend itself to Government, as the requirements on account of furniture and apparatus will fluctuate according to the wants of each year, taking into consideration the stock on hand and that required to replenish the same after examining the accounts required to be kept by para 2 of Government Proceedings No. 12619-20—Ed. 391, dated 22nd May 1897.

2. Out of the usual budget provision of Rs. 3,500, the Inspector General is at liberty to make such distribution or allotment among the different institutions, as he thinks proper, not exceeding the total grant, giving due intimation of the same to the Comptroller; and if, in any year, owing to requisitions received from officers subordinate to him, any extra grant is required he should apply for sanction before including the same in his Annual Education Budget.

3. The Rules in Chapter 6 of the Civil Account Code, under the head "Contingent charges," quoted by the Inspector General in the last letter read above, relate to expenditure within the sanctioned normal provision and have no application to extra or special grants required to meet "Ordinary expenses," or to expenditure of an unusual kind not coming under the head of *ordinary or recognized contingent charges*, for which previous sanction should be obtained. The particular attention of the Inspector General is invited to the provisions of Sections 75 and 76, Chapter 6, of the Account Code.

Letter No. 7270—284, dated 13th June 1899, from the Registrar of the Chief Court of Mysore, stating that the Judges consider it undesirable to render too easy the removal of undetected cases from the Police file and suggesting that it would be well if the C Form were made applicable only to cases that have remained undetected for three years.

Letter No. 313—34, dated the 19th July 1899, from the Inspector General of Police in Mysore, submitting, as requested by this office, copies of certain orders passed by the Madras Government in regard to cases reported in C Form.

No. 1869-78—J. 174, DATED BANGALORE, 10TH AUGUST 1899.

ORDER THEREON.—In the Proceedings of 13th May 1898, cited above, Government had occasion to remark the entire absence of all further detective effort on the part of the Police in a large number of cases reported on C Forms and which the Magistrates had ordered should be retained on the Police file with a view to further steps being taken for their detection. In the Registrar's letter read above, a case of theft is brought to notice, in which a report in C Form was submitted to the Magistrate and permission obtained to strike the case off the Police file, although the case had been under Police investigation for only three months. The Government agree with the Chief Court in considering that it is impossible to say within that short period that the Police have done all in their power to find out the offender or offenders and that it is desirable to provide against the premature removal of such undetected cases from the Police file. The Government are accordingly pleased to direct that, as recommended by the Judges, an application in C Form for striking a case off the Police file should be made to the proper Magistrate only at the expiration of three years from the date of occurrence, and that the application should not be granted unless it has been clearly shown that, in spite of the best efforts on the part of the Police, detection has been found to be impossible.

2. To enable the Government to judge whether proper and intelligent effect is given to the above orders, the Inspector General of Police will be requested to note in his Annual Administration Report how many cases, three years old, were struck off the file during the year with the permission of the Magistrate, and how many remain undetected at the end of the year for which the report is made.

Letter No 65, dated 4th August 1899, from the President, District Fund Board, Kadur, submitting the explanation called for in Government Proceedings No 616-18—L. F. 52-98, dated 11th July 1899, in regard to the District Fund budget estimates of the Kadur circle for 1899-1900

No. 2306-7—L. F. 52-98, DATED BANGALORE, 23RD AUGUST 1899.

ORDER THEREON.—76 *per cent of Local Cess.*—The President now states that the estimates for 1898-99 and 1899-1900 were based on the actuals of 1896-97 and 1897-98, respectively, and that this accounts for the increase in the estimate for 1899-1900 over that sanctioned for the previous year. The marginal figures show that the actuals of 1897-98 were less than those of the previous year and the estimates for 1899-1900 based upon the actuals of 1897-98 should therefore be less and not more than those of 1898-99 based upon the actuals of 1896-97. A clear explanation should be submitted. Meanwhile the estimate will stand.

Report on the Administration of the District Funds of the Bangalore Circle for 1897-98, received with President's letters Nos. 1033 and 1179, dated 20th April and 31st May 1899, respectively.

No. 2961-6—L. F. 37-98, DATED BANGALORE, 30TH AUGUST 1899.

ORDER THEREON.—There were at the end of the year 1897-98, 16 *ex-officio* and 7 non-official members on the District Fund Committee, which met five times during the year, with an average attendance of 12·8 and 3·7, respectively.

2. The actual income during the year, including the opening balance was Rs. 1,07,649, of which Rs. 71,768 was expended leaving a balance of Rs. 35,881 at the end of the year.

3. There was an increase of Rs. 1,363 under Receipts, due chiefly to the increase in the one-anna cess on land revenue and of Rs 1,359 under Expenditure due chiefly to an increased expenditure under "A. Public Works to be executed by Public Works Department."

4. Out of the total grant of Rs. 53,838 allotted for works to be executed by the Public Works Department, nearly the whole amount was turned to account during the year. But the same cannot be said of the allotment made for works to be executed by Revenue Department, which utilized only Rs. 6,649 out of a total allotment of Rs. 21,890, allowing a large sum of Rs. 15,241 or 69 per cent of the total allotment to lapse at the end of the year. The early submission of the explanation called for from Amildars, in regard to this high percentage of lapse notwithstanding the fact that the Work Inspectors were employed for the supervision of this class of works, is awaited.

5. There were 10 Local Fund Dispensaries supported from District Fund during the year, the number of in-door patients treated being 82 against 35 of the previous year. The statement C. which furnishes details under this head does not show the number of out-door patients treated in each of the dispensaries, nor is it in the form prescribed by Government. In future, the statement should be submitted in the prescribed form.

6. Each taluk was provided with a midwife, and the total number of labor cases attended to by all of them during 1897-98 was only 418 against 455 in the previous year, showing a decrease of 37, which should have been explained.

7. The sanitation of the rural parts is reported to have been attended to as far as possible. The President considers that when the new Sanitation Rules contained in Government Proceedings No. 3206—Legis. 16, dated 29th September 1898, are enforced in all the villages other than municipal towns, there would be much improvement in this respect. On receipt of the lists of villages into which the rules are to be introduced, called for by Government, final orders will be passed by Government.

8. The total number of persons vaccinated was 14 635 against 14,868 in the previous year.

9. The number of births fell from 10,022 to 8,464, while the number of deaths rose from 6,864 to 8,526, the increase being chiefly under fevers.

10. *Local Funds General.*—Out of the total grant of Rs 21,367 sanctioned for new and incomplete works of the previous year, only Rs. 6,422-6-10 was spent leaving a large amount to lapse at the end of the year. This large lapse should have been accounted for.

11. *Village School Fund.*—There were at the end of the year 289 schools maintained from the Village School Fund (to which 24 per cent of the cess on all items of revenue is credited) with 7,949 boys and 609 girls as against 250 schools with 7,386 boys and 560 girls. The total expenditure incurred on all the schools was Rs. 32,768, while the fee income realized from 23 Anglo-Vernacular and Taluk Branch Schools was only Rs. 1,021.

12. There was great delay in the submission of this report, which was due in this office on 1st October 1898 but was not received up to 24th April 1899. Such delays should be avoided in future, the annual reports being punctually submitted so as to reach this office on or before the due date.

Letter No. 20, dated 5th July 1899, from the Deputy Commissioner, Mysore district, forwarding copy of letter No. 101, dated 15th June 1899, from the Sub-Division Officer, French Rocks, and requesting, for reasons stated, that sanction may be accorded as a special case to the appointment of certain officials to posts in the Local Funds Branch of the French Rocks Sub-Division office carrying salaries in excess of the minimum as fixed in Government Proceedings No. 6982-80—L. F. 3-97, dated 6th December 1898.

No. 1859-67—L. F. 3-97, DATED BANGALORE, 10TH AUGUST 1899.

ORDER THEREON.—The scale of salaries of the establishments of the Local Fund Branches of the various offices was carefully revised and clearly laid down in Proceedings No. 6982-90—L. F. 3-97, dated 6th December 1898. When subsequently the Deputy Commissioners of the Bangalore and Kolar districts requested sanction, as a special case, to the maximum pay being given at once to certain clerks in their offices, it was laid down in unmistakeable terms in Proceedings No. 9896-906—L. F. 3-97, dated 25th February 1899, that the Government were not prepared to allow any deviation from the terms of their order first quoted. The present reference relates to certain appointments made with full knowledge of the scale laid down in the order of 6th December 1898 and the Government must object to difficulties being thus created and to applications being afterwards made for the removal of the same as a special case. The Deputy Commissioner should himself remove the difficulty by making other suitable arrangements. The Government accordingly decline to sanction any special treatment in the present instance as requested by the Deputy Commissioner in the letter read above.

No. 1492-99—R. F. 43-98, DATED BANGALORE, 17TH AUGUST 1899.

ORDER THEREON.—Under Rule VI of the Land Revenue Rules, the holders of alienated villages are required to keep the following accounts and to deposit an abstract thereof in the office of the Amildar at the end of each year :—

(1) Account of the demand, collection and balance of each raiyat in Form No 14, Appendix A.

(2) A register of lands held by each raiyat in Form No. 15, Appendix A.

2. In the Government Order of 13th February 1896, the Deputy Commissioners were requested to report to what extent the rule in question had been enforced in their districts, and how they would propose to deal with recusant holders of alienated villages. Many of the Deputy Commissioners not having sent any replies, the Government in their Proceedings No. 8870-77—R. 2967, dated 8th April 1897, called upon them to give precise information on the subject, submitting a statement in the form given, and to fully enforce the existing provision of the law before expressing any opinion regarding its inadequacy. From the replies now received from the Deputy Commissioners (except Mysore) it is observed that in the Bangalore and Kolar districts none of the Inamdars have complied with the rule, while as regards the other districts the number of villages for which the Inamdars have furnished the required accounts is very small (*vide* margin).

3. The apathy shown by the District Officers in this important matter is to be regretted. No earnest effort seems to have been made to get the work done in any of the districts and the Deputy Commissioner of Mysore has not even sent up any return of progress, though reminded on the subject. If the existing rules are enforced in the case of one or two Inamdars, the others will not be slow to comply with the requirements of the rules. The Deputy Commissioners should exert themselves, and it is hoped that in the preparation of the accounts for 1899-1900, this matter will be looked into and the accounts of the Inam Villages fully written up and recorded. A progress report should be sent up once in three months for the information and orders of Government.

2. The number of darkhasts shown to be pending in the Tumkur and Shimoga districts at the end of the previous quarter was, respectively, 5 and 19, but the number shown as pending at the beginning of the present quarter is, respectively, 4 and 18. This discrepancy needs explanation.

3. In the Hassan district old darkhasts relating to the years 1892-93 and downwards are awaiting disposal. As was the case in the previous quarter, no explanation has been given of the delay in the disposal of these darkhasts. The Deputy Commissioner is requested to report with whom the old darkhasts are pending, why they have been pending so long, what stages they are in, and when they are likely to be disposed of finally.

4. A summary of explanations furnished as regards delay in the disposal of pending applications is appended hereto.

READ AGAIN—

Proceedings of Government No. 7460-1—Fl. 876, dated 18th April 1899, conveying instructions regulating the leave allowances of the Meteorological Observers at Mysore, Hassan and Chitaldrug.

No. 1355-7—Fl. 157, DATED BANGALORE, 14TH AUGUST 1899.

ORDER THEREON.—Government direct that in para 2 of the Proceedings above cited, the following be substituted for the phrase beginning with the word "without" and ending with the word "Department."

"on the understanding that the leave be taken during either or both of the ordinary Educational Christmas or Midsummer vacations; and that in the event of further leave being required it will be on forfeiture of the Meteorological allowance in full, but without prejudice to the rules regulating the grant of leave to Officers of the Education Department."

2. The Order thus modified will read as follows:—

The Director of Meteorology states that the Observer is, in each case, the Science Teacher in the local Government High School, who is granted an allowance of Rs. 40 per month, in addition to his pay as Science Master, and that this liberal rate is fixed on the implied understanding that the Observers would have to sacrifice the greater portion of their ordinary High School vacation for the due discharge of meteorological work and that each Observer is provided with an Assistant on a small allowance of Rs. 10 per mensem. He is of opinion that the Observers could draw the allowance in full, only so long as they did the work and that it would be unfair to make the Assistant, who gets an allowance of Rs. 10 per month, do all the work during the Observer's absence on leave, and therefore proposes (1) that one month's leave per annum may be sanctioned to the Meteorological Observers at Mysore, Hassan and Chitaldrug, on the understanding that they draw only half of their allowance (or Rs. 20) for that month, the other half being paid to the Assistant who does all the work in the absence of the Observer, (2) that the Assistant Observer may be allowed one month's leave per annum, at a time convenient to the Observer, without forfeiture of allowance, the Observer doing all the work in his absence, and (3) that the leave so granted will be in addition to the ordinary allowance of casual leave.

Under such circumstances, the proposal made by the Director of Meteorology is sanctioned, on the understanding that the leave be taken during either or both of the ordinary Educational Christmas or Midsummer vacations and that in the event of further leave being required; it will be on forfeiture of the Meteorological allowance in full, but without prejudice to the rules regulating the grant of leave to Officers of the Education Department.

FOREST

Proceedings of the Government of Mysore.

Read the following letter No. C. 39, dated the 22nd July 1899, from the Conservator of Forests in Mysore :—

1 With reference to para 2 of Order No. 6899—Ft F 31-95, dated the 5th April last, I have the honor to submit, for the information of Government, a statement showing the quantity of sandalwood sold by private bargain subsequently to the auction sales, the rate secured for each description of wood and the amount realized therefor.

2. The total quantity of sandal disposed of, excluding that sold monthly in retail, was 2,055¾ tons, which realized Rs 7,82,289 or Rs 1,759 more than the estimated receipts under "Sandalwood" for the past official year. There still remained a balance of 7$\frac{1}{10}$ tons of assorted sandalwood at the kotis at the end of the year.

3 I am glad to be able to report that notwithstanding the often serious impediments to trade caused by plague preventive measures, the kotis were practically cleared of the prepared stock. The average all-round rate obtained was Rs. 381 as against Rs. 389 per ton secured during the year 1897-98.

Statement showing the quantity of Sandalwood sold during 1898-99 by private treaty after the auction sales, the rates secured for each description and the amount realized.

Appeal petition dated 30th July 1899, from Venkataramanaiya, late Sandal Manegar, Sagar and Nagar taluks

---

No. 1873—FT. F. 17-98, DATED BANGALORE, 30TH AUGUST 1899.

ORDER THEREON.—The petitioner was granted leave on medical certificate from 4th June 1897. The leave was subsequently extended by leave without allowances up to 4th January 1898. He applied for extension, but as the application was not made in time, it was not granted. He remained absent without leave, and his services were therefore dispensed with under Article 162 of the Mysore Service Regulations.

2. The petitioner contends that he submitted his application in time; but owing to ill-feeling between himself and the Range Officer, it was not submitted to the District Forest Officer for orders, and that he is entitled to five years' leave without allowances, up to which period he has a lien on his appointment. He prays that he may be re-instated or a pension may be granted to him in consideration of his long and faithful services.

3. The Conservator reports that upon re-consideration of the long service (28 years) and the general good conduct of the Manegar, he felt inclined to allow the official the pension he was entitled to and directed him to appear before the Medical Officer, who, however, certified that the manegar was fit to serve for a year or so more; that he is not disposed to upset the arrangements already made to fill up the manegar's place; and that the official may be retired with effect from 4th January 1898.

4. The reasons urged are rather in support of the petitioner's re-instatement for the required period. The Conservator recognises that the petitioner's past service has been good, and the reason for not re-instating him is said to be that the Conservator is not disposed to disturb the arrangement made to fill up the vacancy caused by his removal. This reason does not seem to be adequate for denying an old and admittedly deserving servant of the State permission to serve for a short period, which will entitle him to his pension, of which it is not the wish of the Conservator to deprive him. Under these circumstances, the only just and equitable course open to Government is to direct his re-instatement for such period as may be required to complete his service for securing him a pension.

READ ALSO—

Petition No 1033, dated 3rd December 1898, filed by the Advocate for the appellants and specifying the causes of action in this case.

The facts of the case are as follows —

Prior to 1873, Subbaraya, father of the 1st respondent, was the shanbhog of Sidihoskote and Doddamanikere (constituting a single charge) and Raghupataiya, the 2nd appellant, was the shanbhog of Gollahalli or Noscnur Gollahalli as it is otherwise called. In 1873, Subbaraya, who had been previously punished for several irregularities, was dismissed for dishonestly tampering with and altering certain entries in the khirdi In 1874, Raghupataiya, who possessed a half share in the shanbhogi hak, was appointed as shanbhog of the two villages of Sidihoskote and Doddamanikere, on probation, in addition to his own village of Gollahalli. In 1877, he was dismissed from the shanbhogi of all the three villages for various offences including one of theft One Surappa, a stranger to the hakdar family, was appointed as shanbhog of Sidihoskote and Doddamanikere, while the shanbhog of Bommandahalli named Nanjundaiya was appointed as shanbhog of Gollahalli as a temporary measure

2 In their Proceedings No 805—43, dated 29th April 1882, the Government, on the representation of Subbaraya, the dismissed shanbhog, limited the appointment of Surappa for a period of 10 years, and directed that the claims of Subbaraya's heirs should be considered at the end of that period In Proceedings No. 1508—Camp, dated 13th October 1887, the Government, on the further representation of Subbaraya, directed that Ramachandraiya, his adopted son, should be registered as the hakdar shanbhog of the said two villages

3 In 1890, Nanjamma, widow of Ramabhadraiya, Raghupataiya's paternal uncle, represented to the Deputy Commissioner, that she was the hakdar to the shanbhogi of the three villages (Sidihoskote, Amanikere and Gollahalli) and that the same might be registered in the name of Ramamurti, son of Raghupataiya In June 1891, the Deputy Commissioner directed that Ramamurti should be registered as the hakdar shanbhog of Gollahalli alone, and Nanjamma's subsequent petitions claiming the registry of the other two villages were rejected

4 In 1893, the 2nd appellant, the said Raghupataiya, claimed half the official lands attached to the shanbhogi of Sidihoskote and Amanikere and was referred by the Deputy Commissioner to a regular suit, on the ground that the lands had been enfranchised. On appeal the case was remanded to the Deputy Commissioner for disposal on the merits, the Deputy Commissioner having subsequently admitted that the lands had not been enfranchised The Deputy Commissioner passed a revised order in November 1897 to the effect that the 2nd appellant's dismissal took place in 1877, and that his appeal was out of time by nearly 20 years In his report to Government, the Deputy Commissioner states that the 2nd appellant must be considered to have lost all right to the lands when he was dismissed from the office.

5. Nanjamma appears to have urged, in 1893, her claim to the shanbhogi of Nosenur on the ground that Ramaiya, the hakdar shanbhog, who was dismissed in 1871, died childless, that the present registeidar, Appajaiya (2nd respondent), was not the adopted son of Ramaiya and that she was a nearer heir.

6. In their appeal petitions to Government, the appellants urge that the adoptions set up by the respondents are false, and that they are therefore the proper hakdars to the shanbhogi of the villages held by the respondents.

No. 1092-99—P. F. 39-94, DATED BANGALORE, 1ST AUGUST 1899.

ORDER THEREON.—The Government see no sufficient grounds to interfere on behalf of the appellants at this lapse of time. The adoption of 1st respondent having been recognised by Government so far back as 1887 and acted upon by the registry of his name as hakdar, the objection now urged cannot be entertained. Equally untenable is the contention as regards the alleged adoption of 2nd respondent. The claim to the official lands, which are in possession and enjoyment of respondents as sharers in the shanbhogi, is inadmissible under Potgi Rules 27 and 28. Out of the three charges in dispute, the 1st appellant got one and the respondents got the other two. It is not shown that the latter have no hak to the two charges given to them. The appeal to Government is, therefore, dismissed.

(1) Petition of Appeal No. 868—A S 32 of 1898-99 presented by Ramanna of Talavatti village, Hiriyur taluk, against the decree of the Deputy Commissioner, Chitaldrug district, confirming the decree of the Treasury Assistant Commissioner, Chitaldrug, in Suit No 2 of 1897-98 and dismissing the appellant's claim for possession of the patel office of Maradihalli village, Hiriyur taluk.

(2) The records received with docket No. 791—763, dated 4th April 1899, from the Deputy Commissioner, Chitaldrug district.

The facts of the case are as follows:—

1. The plaintiff and the 1st defendant are descended from a common ancestor (Timmappa) and respectively represent the eldest and the youngest branches of the family. The 2nd defendant is the 1st defendant's son and is the present patel of Maradihalli. In 1875, the 1st defendant Sanna Timmaiya began to officiate as patel and was confirmed in the office at the Pakka Potgi settlement in 1877. He continued to do the duties till April 1898 when he resigned the office in favor of his son, the 2nd defendant.

2. In March 1898, the plaintiff brought a suit for a declaration of his right to the pateli office and for possession of the office either by being permitted to do the duties by rotation or by being appointed as Revenue or Police Patel. The Treasury Assistant Commissioner declared that the plaintiff was a hissedar but declined to give him possession of the office. On appeal, the Deputy Commissioner confirmed the Assistant Commissioner's decree, as he was of opinion that no grounds had been shown for the diversion of the office from the 1st defendant's family and that neither the splitting up of the office into Revenue and Police Pateli, nor the performance of duties by rotation, was possible for administrative reasons. The plaintiff has appealed to Government against this order.

No. 1297-1304—PET. F. 23-99, DATED BANGALORE, 11TH AUGUST 1899.

ORDER THEREON—Government quite concur with the Deputy Commissioner in the reasons given in support of his order and they see no good grounds to interfere with the concurrent decisions of the Lower Courts. This appeal is accordingly dismissed.

(1) Petition of Appeal No. 538—A. S. 27 of 1898-99, presented by Krishnappa and Achamma of Terakanambi village, Gundlupet taluk, against the decree of the Deputy Commissioner, Mysore district, dismissing their suit for the possession of the shanbhogi office of the said village.

(2) Records of the case received with docket No. 908, dated 17th April 1899, from the Deputy Commissioner, Mysore district.

The facts of the case are briefly as follows :—

1. Nanjappa, husband of Achamma, the 2nd plaintiff, was for some years the registered shanbhog of Terakanambi village. On his death in 1871, his father, Krishnaiya, adopted one Suria, who, thereupon, succeeded to the office. Suria died in 1886 leaving a widow, Gopamma, (1st defendant) and the office was subsequently registered in the name of the latter with the consent of Achamma (2nd plaintiff).

2. In January 1897, the minor, 1st plaintiff, sued for the possession of the shanbhogi office and alleged that he was the adopted son of the 2nd plaintiff; that the adoption of Suria in 1871 was opposed to the Hindu Shastras and therefore invalid and that the alleged adoption of the 2nd defendant by the 1st was equally so. The Assistant Commissioner, who tried the suit dismissed it as premature, there being no vacancy. On appeal the Deputy Commissioner confirmed the decree on the ground that Achamma who had consented in writing to the registry of the office in the name of Gopamma in 1886, was estopped from now claiming it. In their second appeal, the plaintiffs allege that the conditions, subject to which the 2nd plaintiff consented to the registry in the name of Gopamma, ceased to be fulfilled some years ago. Neither the 2nd plaintiff's statement, dated 21st June 1886, nor the proceedings show that the consent was given subject to any conditions.

No. 1310-17—PET. F. 25-99, DATED BANGALORE, 12TH AUGUST 1899.

ORDER THEREON.—The Government see no grounds to interfere with the order of the Deputy Commissioner. The adoption of Suria, found to have taken place in 1871, cannot be allowed to be impeached at this distance of time. At Suria's death in 1886 issueless, his widow the 1st defendant was the legal heir under the Hindu Law entitled to succeed to the office in question. The consent of Achamma, 2nd plaintiff, was quite unnecessary. Whether 2nd defendant was subsequently adopted or not is also immaterial for the purposes of this suit, as neither 1st plaintiff nor his alleged adoptive mother has a right to deprive 1st defendant of the hak which has been in the possession and enjoyment of 1st defendant and her late husband for more than 28 years. This appeal is therefore dismissed.

(3) Records of the case :—

For arrears of revenue amounting to Rs. 44-10-0, due on S. No. 8 (area 27 acres and 36 guntas, assessment Rs. 42) of Kallalu village for 1897-98, by the appellant, the land was, after the usual preliminaries, sold on 16th July 1898, and knocked down to the respondent for Rs. 300. The appellant tendered the arrears four days after the sale and

prayed for its cancellation on the ground that he was unable to pay up earlier owing to illness The Assistant Commissioner in charge of the taluk, accepting the above plea and considering besides that the sale amount was very low, cancelled the sale and directed that the amount produced by the defaulter should be credited towards payment of the kandayam due On appeal by the respondent, the Deputy Commissioner confirmed the sale as there was no irregularity in publishing or conducting it The appellant, in his petition to Government alleges that the land is worth Rs 8,000 and that there is an irregularity in the sale proceedings inasmuch as the declaration of forfeiture was made within 15 days of the date of the service of the demand notice

No. 1338-45--Pet. F. 27-99, dated Bangalore, 14th August 1899.

Order thereon.—The appellant's allegation is unsupported by evidence and he has not shown good grounds for setting aside the sale under Section 184 of the Mysore Land Revenue Code There is no (material) irregularity, mistake or fraud in publishing or conducting the sale, which was held after due notice to appellant. The land is not shown to have been sold for an inadequate price and the Assistant Commissioner was wrong in setting aside the sale. The Deputy Commissioner has very properly reversed the Assistant Commissioner's order and confirmed the sale, as it has not been shown to his satisfaction that appellant has sustained substantial injury by reason of the sale. The Government therefore see no good reason to interfere with the Deputy Commissioner's order which is hereby affirmed. The amount paid by the appellant should be refunded to him.

Government Proceedings No. 10044—P. 1985, dated 15th May 1896, cancelling, on the appeal of 2nd and 3rd respondents in the above case, the appointment of the 1st appellant as Revenue patel of Huvinahole,

The facts of the case are as follows —

The plaintiffs and the 1st defendant are members of a Wakkaligar family possessing a half share in the patel hak and the 2nd and 3rd defendants belong to a Lingayat family possessing the other half share. The 1st defendant has been sole patel of the village since the year 1880 with the exception of a short period (1894-96), during which the 1st plaintiff was Revenue patel. In April 1897, the plaintiffs brought a suit for specific performance of an agreement entered into by the 1st defendant to the effect that the 1st plaintiff should officiate as patel in alternate years. The General Assistant Commissioner holding that the parties had no right to enter into a private agreement in respect of a Government appointment, dismissed the suit. On appeal, the Deputy Commissioner confirmed the Assistant Commissioner's decision. Hence this appeal to Government.

No. 1346-53—Pet. F. 59-98, dated Bangalore, 14th August 1899.

Order thereon—No such private agreement as that referred to above can be recognised by Government, and the Courts below have properly refused to give effect to it. The decisions appealed against are, therefore, affirmed and this appeal is dismissed.

2. Correspondence ending with letter No. 705—678, dated 7th March 1899, from the Deputy Commissioner, Chitaldrug district, reporting that the sites in question were confirmed to the respondents for an upset price in consideration of their long possession extending to a period of about 20 years.

No. 1397-1404—P. F. 29-99, DATED BANGALORE, 15TH AUGUST 1899.

ORDER THEREON.—Government see no good reason to interfere with the grant made by the Deputy Commissioner in consideration of respondents' long possession of the sites in dispute for more than 12 years. Appellants' objection to the grant is untenable, inasmuch as they have no right whatever to the sites and there is no proof of recent encroachment by respondents. This appeal is therefore dismissed.

(1) Petition of appeal No. 340—A. S. 15 of 1898-99, presented by Dyavegauda of Halebalagula village in the Channarayapatna taluk, against the decree of the Deputy Commissioner, Hassan district, dismissing his suit for possession of the patel office of the said village.

(2) Records received with the Deputy Commissioner's letter No. 273, dated 26th September 1898.

The facts of this case are sufficiently set forth in the following judgment of the Deputy Commissioner:—

The plaintiff's suit was for the patel of Halebalagula village in the Channarayapatna taluk which he alleged was his ancestral hak and that the defendant's grandfather was looking after the patel during his minority and at last resigned the appointment in his favor, but the Deputy Commissioner gave the office to the defendant which the plaintiff sought to be appointed to.

2. The Senior Assistant Commissioner, who tried the suit, dismissed it on the ground that he did not substantiate his claim and that it was barred.

3. The appellant (plaintiff) appeals against the said order of the Senior Assistant Commissioner on the following grounds:—

I. That the Lower Court has erred in holding that the suit is barred by limitation.

II. That the Lower Court's finding that the Razinama given by the grandfather of the respondent in favor of the appellant, with the consent of the mother of the respondent, is not legally binding, is contrary to law.

III. It is proved beyond doubt that the plaintiff is the legal heir to the patel on his father's right, and both oral and documentary evidence adduced by the plaintiff conclusively establish that the plaintiff's father was the patel for more than 12 years and on his demise and during the minority of the plaintiff, the respondent's grandfather was appointed to look after the duties of the patel.

IV. The judgment appealed against in opposed to law, facts and probabilities of the case

4. The appellant is present in person and the respondent is represented by his elder brother Dyavegauda.

5. The parties are cousins, but the respondent's grandfather was the son of the elder brother of the appellant's father and as such he had preferential right to the office which evidently belonged to the family. The respondent's grandfather was appointed to the office in 1857 not only because the appellant was then a minor but also (because) he was descended from an elder branch of the family. The grandfather had thus no right to alienate the office to the prejudice of his minor grandson.

6. The claim of the appellant is clearly barred by limitation as found by the Senior Assistant Commissioner.

7. This appeal is, therefore, dismissed.

No. 1389-96—P. F. 28-99, DATED BANGALORE, 15TH AUGUST 1899.

DECISION OF GOVERNMENT.—In his present appeal to Government, Dyavegauda urges almost the same grounds as those contained in his appeal petition to the Deputy Commissioner; and, on a careful perusal of the entire proceedings and after hearing both appellant and respondent in person, the Government see no sufficient grounds to interfere with the concurrent and just decision of the Courts below. This appeal is, therefore, dismissed.

(1) Petition of Appeal No 2865—A. S. 35 of 1898-99, presented by Gavi Ranganna of Mallarabanavadi village in the Nelamangala taluk against the order of the Deputy Commissioner, Bangalore district, confirming the Assistant Commissioner's order cancelling the sale to the appellant of Survey No 26 in Kodappanahalli village in the said taluk.

(2) Letter No 521, dated 16th November 1898, from the Deputy Commissioner, Bangalore district, reporting on the above, with records of the case and subsequent correspondence ending with the Deputy Commissioner's No. 811, dated 11th February 1899.

The facts of this case are briefly these:—

On the application of one Syed Ghouse Sabi for the grant of Survey No. 26 of Kodappanahalli village, the land which contained about 800 trees valued at Rs 176 was, on 6th September 1897, sold by public auction and knocked down to the appellant for Rs. 290 Both before and during the sale, the respondents, who are the raiyats of the village, represented to the Amildar the inconvenience likely to result by giving out the land for cultivation as they had long held the land for grazing on payment of the kulbanni rent On 13th October 1897, the Amildar reported to the Assistant Commissioner in charge of the taluk that the sale had been regularly held, that the entire sale amount had been paid up and that the objections of the raiyats were unreasonable as they could have bid for the land at the sale. The matter lay pending till the jamabandi of the taluk (in February 1898) when the Assistant Commissioner cancelled the sale on the respondents paying the sale amount (Rs. 290+Rs. 18-2-0 local cess) and agreeing to pay the annual assessment. On appeal the Deputy Commissioner declined to interfere on the ground that the possession of the respondents could not be disturbed without an express order from Government. The appellant contends in his appeal to Government that the sale should be confirmed as it was regularly held and as the respondents failed to bid for the land though they had every opportunity to do so. It appears from the vernacular records that there is another unoccupied assessed waste land (S. No. 8/2 measuring 7 acres and 10 guntas); that the population of the village is 73, the number of cattle 155 and that the appellant does not hold any land in the village.

No. 1444-51—P. F. 30-99, DATED BANGALORE, 16TH AUGUST 1899.

ORDER THEREON.—The Government observe that no sufficient grounds have been shown for the reservation of the land in dispute under Section 39 of the Mysore Land Revenue Code. In the absence of any such authorized reservation, the darkhast for the land had to be disposed of under the ordinary rules. On the application of one Syed Ghouse Sabi, the land was put up to auction on 6th September 1897 and the appellant was the highest bidder. The sale, however, was not confirmed by the Sub-Division Assistant Commissioner, who granted the land to respondents (who are the villagers) on the ground that they agreed to pay the purchase money and also the annual kandayam. This procedure in not warranted by law. The opening portion of para 5 of Rule XX of the Land Revenue Rules authorizes a Deputy Commissioner to dispose of a land *in favor of the first applicant* without a sale on certain considerations, but it does not apply to this case, as the respondents were not the first to apply for the land, and, where there were several applicants, a second sale should have been held under the concluding portion of the rule above quoted. The order appealed against is, therefore, reversed and the Deputy Commissioner is directed to hold a re-sale of the land and dispose of it according to law.

(1) Petition of Appeal No. 3187 of 1896-97, presented by Karibasanna of Tirthahalli against the order of the Deputy Commissioner, Shimoga district, directing the levy from the petitioner of a sum of Rs. 168-8-0, being the value of 29 Government trees cut down by him.

(2) Letter No. 120—81, dated 22nd July 1897, from the Deputy Commissioner, Shimoga district, reporting on the above—

1. In reply to your Official Memo No. Pet.—1714 of the 22nd May 1897, forwarding for report the petition of Melgi Karibasanna, Sahukar, Tirthalalli, appealing against the order of this office directing that a sum of Rs. 168-8-0 should be recovered from him for having cut trees on Government lands, I have the honor to submit the following short statement of the case.

2. One Thimmanna of Malur in the Tirthahalli taluk presented a petition on the 12th February 1895 to the Amildar of Tirthahalli, stating that the petitioner (Melige Sahukar Karibasanna) had cut trees on Government lands in several villages in the Tirthahalli taluk. The Amildar referred this petition to the shekdar of Mandagadde for enquiry and report. Some people in the Tirthahalli taluk presented another petition (dated 12th February 1895) to this office to the same effect. This was referred to the Amildar for report. Upon this the Amildar submitted a report after holding an enquiry that the petitioner had cut 29 trees of the reserved and unreserved kinds in Government lands comprising several survey numbers in the Bejavalli and Kasgar villages. On receipt of this report, an order was issued from this office directing that a sum of Rs. 168-8-0, being the value of trees cut, should be recovered from him.

3. On the 17th October 1896, petitioner Karibasanna presented a petition to this office praying for a review of the said order. This petition was referred to the Amildar for submission of the records connected with the case. Mr. Venkatavaradaiengar, Deputy Commissioner, passed an order thereon that he could not interfere with the case in which orders have already been finally passed.

4. The original order fining the petitioner was passed on 14th January 1896; and the last order rejecting his application for review on 2nd February 1897. The appeal is stated to be against the latter order.

5. The inquiry in the matter was an "ordinary inquiry" under the Revenue Code and was conducted, so far as local investigation and examination of witnesses was concerned, by a shekdar. The petitioner was also examined at the time by him.

6. The file of Kannada records (in which a precis of the proceedings is included) ending with Amildar's report No. 968, dated 18th June 1897, are herewith submitted and the petition with its enclosures (8) returned.

(3) Correspondence ending with letter No. 952—753, dated 14th June 1899, from the same Officer, reporting that in the further enquiry held under the orders of Government, 11 trees have been proved to belong to the petitioner, and recommending that in the circumstances of the case, a cart-load may be valued at Rs. 2½ in estimating the value of the trees under Section 44 of the Land Revenue Code.

No. 1435-42—PET. 146, DATED BANGALORE, 16TH AUGUST 1899.

ORDER THEREON.—The fine imposed on the petitioner will be reduced as now recommended by the Deputy Commissioner and for the reasons mentioned by him.

2. The proceedings in the case illustrate the growing tendency among Amildars to shove every item of investigation including the examination of witnesses on the shekdars. The Government are of opinion that, though no special form of enquiry is prescribed for an investigation under Section 44 of the Land Revenue Code, the Amildar, in an important case like the one under disposal, ought to have inspected the locality and held the bulk of the investigation himself.

ORDER THEREON —The respondent himself stated before the Amildar that he had no objection to the patta being granted in appellant's name It is also admitted that the property in dispute was the self-acquisition of the appellant's deceased husband, Papanna, who was divided from respondent. Under these circumstances there are no valid reasons for supporting the Jamabandi Officer's order for the registry of the property in the joint names of the appellant and respondent or for the issue of a joint patta. The order appealed against is therefore reversed. The patta will be made out in the name of appellant alone.

PUBLIC WORKS

Proceedings of the Government of Mysore,

READ—

Public Works Secretary's Memo, dated 27th June 1899, containing official instructions for Captain A. J. deLotbiniere, R. E., Deputy Chief Engineer and Under Secretary to Government, Public Works Department, *re* the proposed design and purchase of the necessary plant for the Cauvery Water-Power Installation.

Official instructions for Captain A. J. deLotbiniere, re the proposed design and purchase of the necessary plant for the Cauvery Power Installation, dated 27th June 1899.

1. On arrival in England, he will interview Professor Forbes and explain the proposed scheme, and submit the rough estimate drawn up by Colonel D McNeil Campbell for his opinion, as to the correctness of the forecast, especially as to the cost of the necessary plant and conductors.

2. When this point is settled, Captain deLotbiniere will call on Taylor & Co., and discuss the terms on which the power will be delivered at a central point in Kolar. Captain deLotbiniere will be guided throughout by the terms laid down in Colonel Campbell's letter No 621—3191 of 22nd instant to Taylor & Co. It is left to Captain deLotbiniere's discretion to modify these terms in minor points only, and he will be in a position to do this after seeing Professor Forbes. Before leaving England for Niagara, the contract with Taylor will be drawn up, legal opinion having been obtained on it by Captain deLotbiniere. The contract will then be forwarded to the Dewan for his final approval.

3. Pending settlement of these points, Captain deLotbiniere will proceed to Niagara and thoroughly go into the details of the machinery employed there for the generation and transmission of power. Having done this, he will then with the aid of an expert decide on the type of machinery most suitable for the Cauvery Falls Installation. The Installation will be situated either on the Island (in Madras territory) or on the Mysore Bank of the river, about one mile below the Falls. In the 1st case, the water will be drawn from an anikat abutting on the Island, in the 2nd from the Madhavamantri anikat near the village of Talkad in Mysore territory, about 26 miles from the Falls.

Captain deLotbiniere should have details, plans illustrating site of power-station for both of these proposals. On receipt of information as to which of these the Durbar has decided upon, he will act accordingly.

4. He will next approach the various Firms engaged in the construction of turbines and electrical generators, with a view to obtaining their rates, &c.

5. Having now obtained the necessary details, he will proceed to England and lay the entire project before a Committee composed of, (1) Professor Forbes, (2) an eminent turbine specialist, and (3) if necessary, a special Electrical Engineer. Captain deLotbiniere is authorized to accept on the Committee a nominee of Messrs. Taylor & Co. This Committee will finally approve of or amend the scheme.

6. Captain deLotbiniere will then return to Niagara and decide to which Firm the whole installation should be allotted. That is to say, one Firm will be given the provision, erection and maintenance of the whole plant in thorough working order for one year after the opening of the installation. In allotting the contract, Captain deLotbiniere may specify that such and such parts of the plant must be obtained from certain specified Firms, by the Firm to whom the whole work is awarded. Before finally closing the contract, Captain deLotbiniere will wire out the lump sum, and name of the Firm, for the approval of the Dewan. Regarding the payments to be made on account, as the order proceeds, and on final completion of maintenance terms, Captain deLotbiniere will settle this according to ordinary trade procedure, Messrs. Coutts & Co. being instructed to honor Captain deLotbiniere's cheques up to an amount to be decided upon, when the contract is awarded. This sum cannot be settled upon till the terms of the bond are known to the Durbar.

7. Captain deLotbiniere will be given an imprest with Coutts & Co. of £ 1,000, and he is authorized to draw on this for payments to experts employed, for legal expenses and for his and his Secretary's travelling expenses. The amount of the experts' fees will be those ordinarily given for similar opinions and will be decided by Captain deLotbiniere.

8. Captain deLotbiniere will keep the Chief Engineer informed of each step taken by him and will supply all plans necessary to enable work to be pushed on at the Cauvery Falls.

9. It is anticipated that 6 or 8 months should suffice for carrying out this Programme and Captain deLotbiniere will, if possible, accompany the consignment of machinery back to India, or see it shipped before leaving the United States.

10. It is to be clearly understood by Captain deLotbiniere that the lump sum tendered by the Firm to whom the contract is awarded, covers provision, carriage to site by land and sea, Indian custom dues, road carriage, and provision of trollies, erection, and maintenance in full working order for one year, also insurance charges, pay and travelling expenses of erectors sent with the plant, and, in fact, all and every charge of whatsoever description entailed in carrying out the work to a satisfactory conclusion. In drawing up the contract, the instalments in which the lump sum is to be paid, should be settled.

11. The Durbar only binds itself to carry out the actual buildings and works, such as power pits, tail-race, head sluice, channel and necessary buildings at Cauvery Falls, along the line of conductors, and at Kolar. Regarding residences for European erectors during construction, the Durbar will provide these on the ordinary type usually erected for Europeans, but should the Firm's representatives require anything superior, the Firm will have to provide the necessary additions or alterations at its own cost.

12. In drawing up the contract for the carrying out of the scheme, Captain deLotbiniere will insert a clause to the following effect — "In the event of complications arising through misunderstandings, vagueness in the terms of this contract, or any other cause, both parties agree to the appointment of an Arbitration Committee to settle the question at issue. This Committee will consist of an Officer of the Mysore Public Works Department, a representative of the Firm, and an officer or expert appointed by the British Resident in Mysore"

13. Re Captain deLotbiniere's travelling expenses, he will be allowed 1st class land and sea passages during his period of deputation, and £ 1 per day to cover his living expenses. This allowance to commence from the day he leaves Bangalore till he returns. His pay will be sent from India direct to Messrs. Cox & Co., each month, at the then ruling rate of exchange.

14. To enable Captain deLotbiniere to keep his accounts and correspondence, he will be allowed a Private Secretary from the date he reaches England till he leaves England for India. He is authorized to meet the travelling expenses of his Private Secretary at a scale not exceeding his own, *i. e*, 1st class fares and £ 1 per day to cover hotel bills, &c. No salary will be attached to the post.

No 824-5—4199-200, DATED BANGALORE, 9TH AUGUST 1899.

ORDER THEREON.—Government approve generally of the terms set forth in the Memo read above. It must be clearly understood that Captain deLotbiniere will act as the special Agent of the Durbar, and his powers will be as specified in the Memo of Instructions.

2. The contract for the necessary plant, &c, and that with Messrs. Taylor & Co., (re sale of power) or with any American manufacturers, can be regarded as finally concluded only after approval and execution by the Dewan.

3. The matters referred to in paras 10 and 11 of the above Memo should be specified in full detail in the contract, so as to prevent any possible future misunderstanding upon any point.

By Order,

D. McNEIL CAMPBELL, COL.,
Secy. to the Govt. of Mysore, P. W. D.

To—Captain A. J. deLotbiniere, R. E.
